Hi. Just checking back on these since they are getting these out the door today. OPPT had very minor comments. We have seen several iterations of these. Shall I submit to OW?

Hello all, attached is DOD's response to our (and others') comments on their QFRs in track changes and clean versions. Please let me know if you have any further replies or edits by **noon Thursday, 6/6**.

Also a friendly reminder that I need your responses to OMB's passback on **our** QFRs as soon as is feasible (thanks OW).

Thank you,  
Elizabeth
